

# UNIFORM CATALOGUE

In 2024, Beaconhouse Newlands began the phased introduction of a revised school uniform. The update focused on maintaining our high standards, and overall consistency, alongside stronger quality management. Shaped in part by feedback from our school community, the revised uniform supports a more cohesive and refined visual identity for the Beaconhouse Newlands brand.

The following document is a consolidated collection of all approved uniform items along with specifications. For ease of reference, please review it for a complete overview of the current uniform.

All articles are available at our authorized retailers in your city. Please contact your campus for further guidance if required.
